Something I noticed. The plan to split the site between a north parcel and south parcel via bridge, appears to impacts the Gifford Street Boat Ramp. In this newsletter, there is a discussion of 200K in Seaport Funds (state funds) going to the reconstruction of the boat ramp. This would matter if EPA is looking at public access as one of its criteria <http://www.newbedford-ma.gov/PortofNewBedford/tigergrants/Port%20of%20New%20Bedford%20Features%20and%20Key%20Information/Newsletter.pdf>
