Subject: Comments on draft BA -STE

Matt: Here is a mark up. I think the pieces are there and all it needs is a little better stitching to tie it together.

(See attached file: ESA BA NBH SER ST dft 10-25-10FWSedits.docx)

One additional thing that might be worth mentioning in the introduction is that this BA does not address the potential effects of the CWA project on federally listed speciesthat was the subject of a formal consultation between the MMS and USFWSetc.
