The design property, specific blueprints and documents of any kind are for use only on the specific project, and are not to be used in whole or in part for any other project without the written authorization of Apex and without the payment to Apex of all fees due for such use. All property rights, including copyright, in the documents and ideas created or evidenced by Apex pursuant to this project, whether or not the project is completed, are the property of Apex, except that Apex grants the owner a limited, non-exclusive license to use the documents for purposes of constructing, using, maintaining, altering and adding to the project, provided that the owner has fully paid all fees due to Apex for the project and is not in default of any of its obligations under the agreement between the owner and Apex. The owner shall not use the documents for any project not designed by Apex without the prior written consent of Apex. The owner shall not use the documents for any incomplete project unless and until Apex is employed to complete such project and has been compensated in accordance with the agreement between the owner and Apex. Any unauthorized use of the documents shall be at the owner's sole risk and without liability to Apex and its consultants, and the owner shall indemnify and hold Apex and its consultants harmless from all claims, damages, losses and expenses including attorneys' fees arising out of or resulting therefrom. Any such use by the owner or by anyone who obtains the documents from or through the owner without the express permission of Apex will be at the owner's sole risk and without liability to Apex and its consultants, and the owner shall indemnify and hold Apex and its consultants harmless from all claims, damages, losses and expenses including attorneys' fees arising out of or resulting therefrom. Visual contact with these documents shall constitute prima facie evidence of acceptance of these restrictions. If any term or provision of this boilerplate is found to be void or unenforceable, the remainder shall continue in full force and effect. This boilerplate shall be governed by the laws of the state in which the project is located. Submission or distribution of these documents to meet official regulatory requirements or for other purposes in connection with the project is not to be construed as publication in derogation of Apex's rights. Apex shall be entitled to injunctive relief enjoining such publication. Should Apex bring a legal action against the owner to enforce any of its rights hereunder, the prevailing party shall be entitled to recover its reasonable attorneys' fees and costs from the non-prevailing party.
