ATTACHMENT: Response to USEPA Questions11-8-12.pdf

Hi Carl,

The Commonwealth requests EPA reconsider its decision to exclude the extra dredging for inclusion within the Final Determination.

To support its request, the Commonwealth has prepared the following question and answer document that includes the Commonwealth's reasoning, as well as providing additional supporting documentation to outline the Commonwealth's position.

Thanks,

Subject: Fw: South Terminal proposed expansion of dredging

Gary -- Pursuant to our telephone call yesterday, here is an excerpt from the draft of our response to comments section of the final determination that explains in more detail why we don't find support in the record for the extra dredging as being necessary to accommodate the vessels associated with the wind farm assembly/construction -- only for the more speculative short sea shipping that the city would like to accommodate at some point in the future. Let me know if you'd like to discuss once you've had a chance to review.

Thanks,
Carl
