Hi Cindy:

Do you think that you will have anything you want us to review before the call? If you get it to me before 4 I can take a few minutes to review it over the phone with Chet before we jump on the call. Thx. -J

Chet,

Thanks for your reply; given the time constraints we think it is important to go forward with the call at 4:00 and we'll take you in any capacity we can get you. Would it be possible for Jay to join the call too. Assuming he is in the office, it might be better to have someone on the ground so to speak. Also, although we tried, we won't be able to send you and Jay anything until early afternoon tomorrow to help guide the conversation.

I'll forward a conf. call line tomorrow...let me know if Jay can join in.

Hi Cindy,

I am going to be at a continuing education class until about 3 pm in Boxborough tomorrow.

I will be able to talk at 4, but probably won't be able to refer to any documentation as I will be on the road. Is that ok?

Thanks,

	Chet Myers

Chet,

Would you be available for a call at 4 pm tomorrow, 11/7 (which is the time all listed above are available) to discuss in more detail the Water Quality/Turbidity Performance Standards? Sometime today we hope to get you some information to help guide the call.
