Hi Ann,

Cindy informed us earlier today that the version of the Phase I we submitted to EPA had a Task Order between Apex and MassCEC as one of its Appendices. As this report was originally issued as a due diligence item between Apex and MassCEC, we had not anticipated that it would be submitted to EPA. As it had been prepared significantly in advance of EPA's request, we had not noted the business/confidential nature of the information in Appendix A when we transmitted it to EPA.

We have revised the document and replaced Appendix A with a sheet stating that the information in that Appendix is withheld for business confidentiality reasons.

Rather than just reissue that report, we have prepared 10 new CDs containing the October 1, 2012 submissions to EPA, with the corrected Phase I report.

Can we drop those off at EPA? Are you in today? How late can we drop it off?

Thanks,

This Email message contained an attachment named  
image001.jpg  
which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
