Hi Ann and Carl,

We had meant to stamp the specification sections attached to the table we forwarded to EPA on Friday "DRAFT". Please discard the version submitted on Friday and replace it with this version.

The specification sections are not stamped "DRAFT" because we expect them to change significantly, but, as there could be some changes in the future associated with either the Final Determination from USEPA, or from comments from NMFS, or from other sources associated with the Draft and Final Determination process, we want to make sure that there is no confusion between the draft and final versions of the specifications.

No changes other than the addition of the "DRAFT" stamp have been made.

Sorry for the confusion,

Subject: Submittal of items for Final Determination consideration - South Terminal CDF  
Importance: High

Dear Ann, Carl:

Attached please find 9/14/2012 Deliverable Items in response to EPA's request for information in support of EPA's work toward a Final Determination for the New Bedford, MA South Terminal CDF project (aka, NBMCT Project). The information submitted herein is intended to satisfy certain of the conditions within EPA's Draft Determination for the referenced project. The attached file represents proof of inclusion into the Project Specifications of various items EPA requested be documented for the project. The portions of the draft Specification Sections into which the requested information was placed are highlighted in yellow for your convenience. Attached at the front of the document is a summary table that notes the information EPA requested be included, and lists the relevant Specification Section where the information resides. If you have any questions, please do not hesitate to contact myself or Chet Myers.

Thank you. - Jay Borkland/Apex
