Subject: South Terminal Meeting

Hi Gary -- Following up on our call yesterday and after talking to our team today, I think we need a little time after the public hearing to get organized internally to discuss next steps before we meet with you and your team. Moreover, I'm feeling that it would be important for me to be at the meeting with you and your team (I'm assuming/hoping Apex would be at this meeting), so I'd like to suggest we schedule it during the week of August 6, when I'm back from vacation. Finally, we're assuming/hoping that in preparation for this meeting your team will be reviewing the Draft Determination (in particular, p. 27-end) and appendices (in particular, the 404 appendix, last section: "Special Conditions") to develop a list of the additional information needs for the final decision that we can review and agree upon at our meeting.

I will ask Sally to coordinate with our team and get back to you with a couple times when we can meet during the week of August 6. In the meantime, we will be meeting internally in order to be prepared to provide our collective recommendations on the existing information gaps.

Thanks,
Carl
