Introduction to the Collection

This is the Administrative Record for the Pine Street Canal, Burlington, Vermont Operable Unit (OU) 1 Record of Decision (ROD). This Administrative Record was originally compiled on May 18, 1992 with subsequent Addendums released on November 6, 1992, April 15, 1993, July 30, 1993, and June 4, 1998. The ROD was signed on September 29, 1998 and a single new Administrative Record collection that includes all documents supporting the ROD was released on CD-ROM in April 2011. This Administrative Record contains site-specific documents and guidance documents used by EPA staff in selecting a response action for the site.

Please note that the Sampling and Analysis Data for the Draft and Supplemental Remedial Investigation (RI) as well as site photographs and maps may be reviewed, by appointment only, at the US EPA Region 1 OSRR Records and Information Center in Boston, Massachusetts.

This Administrative Record incorporates, by reference, the December 20, 1988 Removal Administrative Record and the September 1991 General Electric Resource Conservation and Recovery Act (RCRA) Administrative Record.

The Administrative Record is available for review at:

An Administrative Record is required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) as amended by the Superfund Amendments and Reauthorization Act (SARA).

Please note that the compact disc(s) (CD-ROM) containing this Administrative Record may include index data and other metadata (hereinafter collectively referred to as metadata) to allow the user to conduct index searches and key word searches across all the files contained on the CD-ROM. All the information that appears in the metadata, including any dates associated with creation of the indexing data, is not part of the Administrative Record for the Site under CERCLA and shall not be construed as relevant to the documents that comprise the Administrative Record. These metadata are provided as a convenience for the user and are not part of the Administrative Record.

Questions about this Administrative Record should be directed to the EPA New England Site Manager. Additional volumes may be added to this Administrative Record.
