## Introduction to the Collection

This is the administrative record for the Pine Street Canal Superfund Site, Burlington, Vermont, Explanation of Significant Differences (ESD), released September 2011. The file contains site-specific documents and a list of guidance documents used by EPA staff in selecting a response action at the site.

This record includes, by reference, the administrative records for the removal action issued March 8, 1985, the removal action issued December 20, 1988, the Record of Decision (ROD) issued September 29, 1998, the Explanation of Significant Differences (ESD) issued April, 2009 and the Draft Explanation of Significant Differences (ESD) for public comment released July 2011.

The administrative record is available for review at:

EPA New England Superfund Records and Information Center

An administrative record is required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA).

Please note that the compact disc(s) (CD) containing this Administrative Record may include index data and other metadata (hereinafter collectively referred to as metadata) to allow the user to conduct index searches and key word searches across all the files contained on the CD. All the information that appears in the metadata, including any dates associated with creation of the indexing data, is not part of the Administrative Record for the Site under CERCLA and shall not be construed as relevant to the documents that comprise the Administrative Record. This metadata is provided as a convenience for the user and is not part of the Administrative Record.

Questions about this administrative record file should be directed to Karen Lumino, EPA's remedial project manager for the Pine Street Canal Superfund Site, at 617-918-1348 or [lumino.karen@epa.gov](mailto:lumino.karen@epa.gov).
