

Solvents Recovery Service of New England  
Superfund Site  
Record of Decision (ROD)  
Administrative Record

**Index**

Compiled: June 26, 1992  
Updated: July 9, 1992  
Released on CD-ROM: May 2011

Prepared by  
EPA New England  
Office of Site Remediation & Restoration

## Introduction to the Collection

This is the Administrative Record for the Solvents Recovery Service of New England, Southington, Connecticut Record of Decision (ROD). This Administrative Record was originally compiled on June 26, 1992 and subsequently updated on July 9, 1992. A single new Administrative Record collection that includes all documents supporting the ROD was released on CD-ROM in May 2011. This Administrative Record contains site-specific documents and guidance documents used by EPA staff in selecting a response action for the site.

Numerous historical technical documents have been prepared on the Solvents Recovery Service of New England, Inc (SRSNE) site. EPA has decided not to include all of this information in the Administrative Record for the site since all relevant findings of these earlier studies which EPA will consider or rely upon in selecting a remedy for SRSNE have been and will be incorporated into the documents EPA's contractor, Halliburton NUS Corporation, will prepare as part of the Remedial Investigation/Feasibility Study (RI/FS). However, historical technical documents in their entirety are maintained in the site file for SRSNE and are available for public review at the EPA Office of Site Remediation and Restoration (OSRR) Records and Information Center.

The Administrative Record is available for review at:

EPA New England OSRR Records  
and Information Center

5 Post Office Square  
Suite 100 (LIB01 – 2)  
Boston, MA 02109 - 3912  
(by appointment)  
(617) 918-1440 (phone)  
(617) 918-0440 (fax)

Southington Library and Museum

225 Main Street  
Southington, CT 06489  
(860) 628 – 0947 (phone)  
(860) 628 – 0488 (fax)  
<http://southingtonlibrary.org/>

An Administrative Record is required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) as amended by the Superfund Amendments and Reauthorization Act (SARA).

Please note that the compact disc(s) (CD-ROM) containing this Administrative Record may include index data and other metadata (hereinafter collectively referred to as metadata) to allow the user to conduct index searches and key word searches across all

the files contained on the CD-ROM. All the information that appears in the metadata, including any dates associated with creation of the indexing data, is not part of the Administrative Record for the Site under CERCLA and shall not be construed as relevant to the documents that comprise the Administrative Record. These metadata are provided as a convenience for the user and are not part of the Administrative Record.

Questions about this Administrative Record should be directed to the EPA New England Site Manager. Additional volumes may be added to this Administrative Record.
