ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

(A-1-PRL 29-63-6)

Approval and Promulgation of Implementation Plans; Vermont; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: This document corrects errors in a table which summarizes approved actions taken to incorporate Vermont Air Pollution regulations into the State Implementation Plan (SIP). The table was published November 23, 1984 (40 FR 45184) and is located at 40 CFR 52.2281.

FOR FURTHER INFORMATION CONTACT: Beth M. Howlett, PDES 225-4500, (717) 225-4500.

SUPPLEMENTARY INFORMATION: On November 23, 1984, EPA published a table identifying Vermont regulations which have been submitted to and adopted by EPA as revisions to the Vermont State Implementation Plan (SIP). This table was for informational purposes only and did not have any independent regulatory effect. The table is located at 40 CFR 52.2281, incorrectly listed information for Subchapter V of the Vermont SIP. For sections 6-509 and 6-512 the original section entitled “Comments” inaccurately listed or omitted State regulations which are not federally approved. This notice corrects these errors and prints Subchapter V in its entirety.

[Docket No. 7669, 7669, 7714, 7805]

Paul Kenough,

Acting Regional Administrator, Region I.

BILLING CODE 6560-50-S

40 CFR Part 52

(A-10-FRL-2942-6)

Approval and Promulgation of State Implementation Plan; Idaho

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This rulemaking addresses the State Implementation Plan (SIP), revision submitted on May 20, 1984 by the State of Idaho Department of Health and Welfare pursuant to the requirements of Part D of the 1977 Clean Air Act (hereinafter referred to as the Act) and later supplemented with additional material on January 3, 1985, and March 26, 1985. In today’s action EPA is approving the 1984 carbon monoxide (CO) plan for the Boise-Ada County nonattainment area based on review of the amended materials. With this Notice the Boise-Ada County CO plan is now a federally enforceable part of the SIP as required by the Act. The plan includes the implementation of a mandatory inspection and maintenance program in Ada County which started on August 1, 1984.

ADDRESS: Copies of the materials submitted to EPA may be examined during normal business hours at: Public Information Reference Unit, Environmental Protection Agency, 401 M Street SW, Washington, D.C. 20460 Air Programs Branch (526-A5-7). Environmental Protection Agency, 1306 Sixth Avenue, Seattle, Washington 98101

State of Idaho, Department of Health and Welfare, 401 W. State Street, Boise, Idaho 83720

Copy of the State’s submittal may be examined at: The Office of the Federal Register, 1301 I Street, NW, Room 4602, Washington, D.C.

FOR FURTHER INFORMATION CONTACT: Loren C. McPhail, Air Programs Branch, MJS 332, Environmental Protection Agency, 1300 Sixth Avenue, Seattle, Washington 98101, Telephone No. (206) 647-2382, (FAX) 306-4233.

SUPPLEMENTARY INFORMATION:

I. Background

On May 23, 1984, the State of Idaho, Department of Health and Welfare (IDHW) officially submitted to EPA a revision to the carbon monoxide (CO) SIP for the Boise-Ada County area. The plan included the implementation of a
mandatory inspection and maintenance (12) program on August 1, 1984. This program successfully started on that date. On September 18, 1984 (49 FR 36511), EPA proposed to approve the revision. Additional material was then submitted on January 3, 1985 and March 25, 1985. Today's action gives final approval to the Boise-Ada County CO 125 revision. Additional background information and plan description can be found in the September 18, 1984 proposed rulemaking.

II. Response to Comments
No comments were received.

III. Summary of Rulemaking Action
With this notice EPA is approving the 1984 Boise CO attainment plan and establishing a new attainment date of December 31, 1986. This approval is based on review of the SIP revision submitted by the DSHW to EPA on May 28, 1984 and additional material submitted on January 5, 1985 and March 25, 1985.

IV. Administrative Review
The Office of Management and Budget has exempted this rule from the requirements of section 3 of Executive Order 12291.

Under section 307(b)(1) of the Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by 60 days from today. This action may not be challenged later in proceedings to enforce its requirements (see 307(b)(2)). (Rosa, 119 and 170 of the Clean Air Act at 40 C.F.R. 75 and 70202)

List of Subjects in 40 CFR Part 52

Note-Incorporation by reference of the Implementation Plan for the State of Idaho was approved by the Director of the Office of Federal Register on July 1, 1982.

Date: May 22, 1985.

Lee M. Thomas,
Administrator.

PART 52--[AMENDED]

Part 52 of Chapter I, Title 40, Code of Federal Regulations, is amended as follows:

1. The authority citation for Part 52 continues to read as follows:

Authority: 42 U.S.C. 7410(b) and 7472.

Subpart B--Idaho

2. In § 52.2879, paragraph (2)(23) is added as follows:

§ 52.2879 Identification of plan.

(23) On May 29, 1984, the State of Idaho Department of Health and Welfare submitted the Boise-Ada County carbon monoxide attainment plan as an official State Implementation Plan revision. The submittal was then supplemented on January 3, 1985.

2. Section 52.2873, the entry for Chapter VIII—Non-Attainment Area Plans is revised as follows:

§ 52.2873 Contents of Idaho State Implementation Plan.

VIII-a—Silver Valley Nonattainment Plan (submitted 1/3/85).

VIII-b—Lewiston Nonattainment Plan (submitted 1/3/85).

VIII-d—Pocatello TSP Nonattainment Plan (submitted 5/7/86).

VIII-e—Good Springs Nonattainment Plan (submitted 1/19/85).

4. Section 52.500 is revised to read as follows:

§ 52.500 Attainment dates for national standards.

The following table presents the latest dates by which the national standards are to be attained. These dates reflect the information in Idaho's plan, except where noted.

DEPARTMENT OF TRANSPORTATION
Research and Special Programs Administration
49 CFR Part 173
(Docket No. 83-19, Am. No. 179-15)
Tritium and Carbon-14, Low Specific Activity, Radioactive Materials Transported for Disposal or Recovery

Amendment to: Materials Transportation Bureau, Research and Special Programs Administration, DOT.

ACTION: Final rule.

SUMMARY: The Materials Transportation Bureau (MTB) is amending § 173.425 of the Hazardous Materials Regulations (HMR) to except certain low specific activity radioactive materials containing tritium (hydrogen-3) or carbon-14 from most requirements of the HMR when the materials are being transported for disposal or reclamation. This amendment allows the shipment of waste materials such as incineration ash, animal carcasses and tissues containing not more than 0.05 microcuries per gram (1.9 megabecquerels per kilogram) of tritium or carbon-14 without further consideration of their radiological hazards. This action is consistent with the Nuclear Regulatory Commission (NRC) provisions specified in new section 30.308, Title 10, Code of Federal Regulations relating to the disposal by NRC licensees of tritium and carbon-14 low specific activity radioactive materials.
