Dear Mr. Worley:

After reviewing the reporting requirements listed in Table 1 of the FY 2015 Section 105 Air Planning Agreement Reporting Requirements, the Division for Air Quality reports the following for the first quarter:

1. ID# 15-03: Due Date 2/15/15: Enter all quality-assured Air Toxics data, including UATMP and other special toxics monitoring projects and associated QA/QC data, into the AQS database. *For carbonyls, VOCs, PM₁₀ metals and PAHs, ERG laboratory has reported data for all samplers through September 30, 2014.*
2. ID# 15-05: Due Date 2/15/15: List of PSD/NSR applicability determinations resulting in major source non-applicability. *EPA receives copies of complete permit packages for PSD and NSR. Synthetic minor source permits that net out of NSR applicability are provided to EPA.*
