REPLY TO THE ATTENTION OF:  
(AT-18J)

Russell J. Harding, Director  
Michigan Department of Environmental Quality  
P.O. Box 30473  
Lansing, Michigan 48909

Dear Mr. Harding:

Thank you for your October 12, 1995, submittal requesting full delegation of the Part 63 standards pursuant to Section 112(1) of the Clean Air Act (CAA) of 1990. More specifically, you have requested full delegation to implement and enforce standards under Section 112(d), National Emission Standards for Hazardous Air Pollutants; Section 112(f), Standards to Protect Health and the Environment; and Section 112(h), Work Practice Standards, as promulgated by the United States Environmental Protection Agency (USEPA). Included with this request is the delegation of the Part 63 general provisions.

We have performed a completeness review of your submittal against the completeness criteria set forth at 40 CFR 63.91. We have determined that this request meets the completeness criteria applicable to the delegation of standards that are unchanged from Federal standards, and, therefore, we have initiated the processing of your request.

A finding of completeness merely indicates that the submittal meets the criteria that a request for delegation must satisfy before USEPA can initiate rulemaking action. A completeness finding is not a finding on the merits of the request submittal or on whether it meets USEPA's Section 112(1) regulatory approval requirements.

If you have any questions or need additional information, please contact me or have your staff contact Chris Campbell at (312) 353-6324.

Sincerely yours,

A handwritten signature in black ink, appearing to read "D. Kee".

David Kee, Director  
Air and Radiation Division
