I. BACKGROUND

A. The Plaintiffs have filed an Amended Complaint in this matter pursuant to Sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. §§ 9606 and 9607 (“CERCLA”), seeking injunctive relief regarding the cleanup of the Lower Fox River and Green Bay Site (the “Fox River Site” or the “Site,” as defined below) and recovery of certain response costs incurred in connection with releases and threatened releases of hazardous substances at and from the Site. The responsible natural resource trustees also contend that they have claims for recovery of natural resource damages (including for recovery of natural resource damage assessment costs) and the Plaintiffs’ Amended Complaint seeks recovery of such damages. This Consent Decree sets forth the terms of a civil settlement among the Plaintiffs, the responsible natural resource trustees, and Kimberly-Clark Corporation (“Kimberly-Clark” or “Settling Defendant”).

B. The United States of America (“United States”) instituted this action and is entering into this Consent Decree on behalf of the Administrator of the United States Environmental Protection Agency (“EPA”) and the Secretary of the United States Department of the Interior (“DOI”), acting in consultation with the United States Department of Commerce (“Commerce”).

C. Pursuant to Executive Order 12580 and the National Contingency Plan, 40 C.F.R. Part 300, the President has delegated authority to act as Federal Trustees for natural resources at and near the Site to DOI, as represented by the United States Fish and Wildlife Service, and Commerce, as represented by the National Oceanic and Atmospheric Administration.

D. The State instituted this action at the request of the Governor of Wisconsin on behalf of the Wisconsin Department of Natural Resources (“WDNR”), and is entering into this Consent Decree on behalf of WDNR.

E. WDNR is a response agency and a State Trustee for natural resources at or near the Site.

F. The Menominee Indian Tribe of Wisconsin and the Oneida Tribe of Indians of Wisconsin (the “Tribes,” as defined below) are Tribal Trustees for natural resources at or near the Site. The Tribes are Parties to this Consent Decree.

G. The Fox River Site is located in the northeastern portion of the State of Wisconsin. Hazardous substances have been released, and are threatened to be released, at and from the Site.

H. As a result of the release or threatened release of hazardous substances, EPA and the State have undertaken response actions at or in connection with the Site under Section 104 of CERCLA, 42 U.S.C. § 9604, and will undertake response actions in the future. In performing these response actions, EPA and the State have incurred and will continue to incur response costs at or in connection with the Site. These response actions include, inter alia: (a) the performance of a Remedial Investigation and Feasibility Study at the Site; (b) the selection of an overall remedy for the Site that will involve containment and removal of sediment contaminated with polychlorinated biphenyls (“PCBs”) through a combination of capping, dredging, dewatering, and upland landfill disposal, as set forth in two Records of Decision (as amended); (c) oversight of response actions implemented; and (d) various enforcement actions. The Trustees have been involved in various natural resource assessment activities relating to the Site. The Trustees have incurred and will continue to incur assessment costs associated with natural resource damage assessment activities relating to the Site.

I. The Site includes approximately 39 miles of the Lower Fox River (the “Fox River”) as well as the bay of Green Bay (the “Bay”). The Fox River portion of the Site extends from the outlet of Lake Winnebago and continues downstream to the mouth of the Fox River at the City of Green Bay. The Bay portion of the Site extends from the mouth of the Fox River at the City of Green Bay to the point where the Bay enters Lake Michigan. The Site has been divided into five geographically-defined Operable Units (“OUs”), as described in the Records of Decision: OU 1 - Little Lake Butte des Morts; OU 2 - Appleton to Little Rapids; OU 3 - Little Rapids to De Pere; OU 4 - De Pere to Green Bay; and OU 5 - the Bay of Green Bay.

J. On July 28, 1998 (63 Fed. Reg. 40247), pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, EPA proposed to place the Site (also called the “Fox River NRDA/PCB Releases Site”) on the National Priorities List, set forth at 40 C.F.R. Part 300, Appendix B.

K. Pursuant to CERCLA and the National Contingency Plan (“NCP”), a Remedial Investigation and Feasibility Study (“RI/FS”) for the Site was prepared under WDNR’s technical lead, and draft RI/FS reports were released for public comment in March 1999. In October 2001, EPA and WDNR (collectively referred to herein as the “Response Agencies”) issued and sought public comment on a proposed remedial action plan for the Site. Final RI/FS reports for the Site were published in December 2002. The RI/FS estimated that sediment at the Site is contaminated with nearly 100,000 kilograms of PCBs, including nearly 70,000 kilograms of PCBs in the Bay.

L. In December 2002, the Response Agencies signed and issued a Record of Decision for OUs 1 and 2 at the Site.

M. In June 2003, the Response Agencies signed and issued a Record of Decision for OUs 3, 4, and 5 at the Site.

N. In June 2007, the Response Agencies signed and issued a Record of Decision Amendment for OU 2 (Deposit DD), OU 3, OU 4, and OU 5 (River Mouth) at the Site.

O. In June 2008, The Response Agencies signed and issued a Record of Decision Amendment for OU 1 at the Site.

P. The remedial action for OU 1 has been performed pursuant to a judicially-approved Consent Decree with P.H. Glatfelter Co. (“Glatfelter”) and WTM I Company (“WTM”). Monitoring, maintenance, and post-remedy institutional controls activities are ongoing under that Consent Decree.

Q. On November 13, 2007, EPA issued a Unilateral Administrative Order (“UAO”) pursuant to 42 U.S.C. § 9606(a) which directed Appleton Papers Inc. (“API”); NCR Corp. (“NCR”); WTM; Glatfelter; Menasha Corporation; U.S. Paper Mills Corp.; CBC Paper Coating, Inc.; and Georgia-Pacific Consumer Products, LP to implement the remedial action for OUs 2, 3, 4, and 5 of the Site, as set forth in the Records of Decision and the Record of Decision Amendment addressing those portions of the Site.

R. In 2008, API and NCR filed suit in *Appleton Papers Inc. v. George A. Whiting Paper Co.*, Case No. 08-C-16 (E.D. Wis.) against a number of parties, seeking contribution under Section 113(f) of CERCLA, 42 U.S.C. § 9613(f), and a declaratory judgment allocating equitable shares of the cleanup costs and natural resource damages associated with the Site.

S. NCR also filed a separate suit in *NCR Corp. v. Kimberly-Clark Corp.*, Case No. 08-C-895 (E.D. Wis.) against a number of additional parties, including Kimberly-Clark, seeking contribution under Section 113(f) of CERCLA, 42 U.S.C. § 9613(f), and a declaratory judgment allocating equitable shares of the cleanup costs and natural resource damages associated with the

Site. On January 7, 2009, the Court consolidated Case No. 08-C-895 with Case No. 08-C-16 (collectively, the “*Whiting Case*”).

T. In June and July 2013, a number of parties appealed the final decision in the *Whiting Case* to the U.S. Court of Appeals for the Seventh Circuit, and the consolidated case is *NCR Corporation v. George A. Whiting Paper Company, et al*, Case No. 13-2447.

U. The Plaintiffs have determined the following:

1. Prompt settlement with the Settling Defendant is practicable and in the public interest within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).

2. The payment to be made by the Settling Defendant under this Consent Decree involves only a minor portion of the response costs and damages at the Site within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1), based upon the Plaintiffs’ estimate that the total Site costs and damages may approach \$1.5 billion, including response costs incurred by the EPA Hazardous Substance Superfund and by other persons at or in connection with the Site; response costs anticipated to be incurred; a premium relating to response costs anticipated to be incurred; and natural resource damages.

3. The amount of hazardous substances contributed to the Site by the Settling Defendant and the toxic or other hazardous effects of the hazardous substances contributed to the Site by the Settling Defendant are minimal in comparison to other hazardous substances at the Site within the meaning of Section 122(g)(1)(A) of CERCLA, 42 U.S.C. § 9622(g)(1)(A). This is based on Plaintiffs’ judgment that: (i) Kimberly-Clark contributed no more than 230 kilograms of PCBs to the Site; and (ii) the hazardous substances contributed by Kimberly-Clark to the Site were not significantly more toxic or of significantly greater hazardous effect than other hazardous substances at the Site. Based on the volume and toxicity of the materials contributed by the

Settling Defendant, as well as relevant equitable considerations, the Plaintiffs have determined that Kimberly-Clark should bear no more than a 0.09% equitable share of the Site costs and damages.

V. The Settling Defendant does not admit any liability to the Plaintiffs, the Tribes, or any other party arising out of the transactions or occurrences alleged in the amended complaint in this case or the complaints in the above-referenced consolidated contribution cases.

W. The United States, the State, the Tribes, and the Settling Defendant agree that settlement without further litigation and without the admission or adjudication of any issue of fact or law is the most appropriate means of resolving this action with respect to the Settling Defendant. This Consent Decree requires the Settling Defendant to pay a total of \$1.35 million (plus interest as provided herein).

X. In accordance with the NCP, the State was notified of negotiations with potentially responsible parties regarding this potential *de minimis* settlement with Kimberly-Clark. The State has been an active participant in such negotiations and is a party to this Consent Decree.

Y. Consistent with CERCLA Section 122(j)(1), 42 U.S.C. § 9622(j)(1), EPA has notified the Trustees, as represented by the Fox River / Green Bay Natural Resource Trustee Council, of negotiations with potentially responsible parties regarding this potential *de minimis* settlement as it relates to injuries to natural resources under Federal, State, and Tribal trusteeship at the Site. The Trustees have participated in the negotiation of this Consent Decree and support this Consent Decree.

Z. The Parties recognize, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith and implementation of this Consent Decree will expedite the cleanup of the Site and will avoid prolonged and complicated

litigation, and that this Consent Decree is procedurally and substantively fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Consent Decree, it is ORDERED, ADJUDGED, and DECREED:

II. JURISDICTION

1. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1345 and 42 U.S.C. § 9613(b), and also has personal jurisdiction over the Settling Defendant. The Settling Defendant consents to and shall not challenge the terms of this Consent Decree or this Court's jurisdiction to enter and enforce this Consent Decree.

III. PARTIES BOUND

2. This Consent Decree is binding upon the United States, the State, and the Tribes, and upon the Settling Defendant and its successors and assigns. Any change in corporate or other legal status of the Settling Defendant, including, but not limited to, any transfer of assets or real or personal property, shall in no way alter the Settling Defendant's responsibilities under this Consent Decree.

IV. STATEMENT OF PURPOSE

3. By entering into this Consent Decree, the mutual objectives of the Parties are:

- a. to reach a final settlement among the Parties with respect to the Site that allows the Settling Defendant to make a set of cash payments, including a premium, to resolve its alleged civil liability under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, for performance of cleanup activities at the Site, for response costs incurred and to be incurred at or in

connection with the Site, and for natural resource damages at the Site, thereby reducing litigation relating to the Site;

b. to simplify any remaining administrative and judicial enforcement activities concerning the Site by eliminating these potentially responsible parties from further involvement at the Site; and

c. to provide for full and complete contribution protection for the Settling Defendant with regard to the Site pursuant to Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5).

X. RESERVATIONS OF RIGHTS BY THE PLAINTIFFS AND THE TRIBES

16. The United States, the State, and the Tribes reserve, and this Consent Decree is without prejudice to, all rights against the Settling Defendant with respect to all matters not expressly included within Paragraph 13 (Covenants by the United States), Paragraph 14 (Covenants by the State), and Paragraph 15 (Covenants by the Tribes). This reservation shall not be construed to require the Settling Defendant to

perform or reimburse costs of the remedial action prescribed by the existing Records of Decision for the Site.

b. any claims arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the Constitution of the State of Wisconsin, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or at common law; and

c. any claim against the United States, the State, or the Tribes pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Site.

Except as provided in Paragraph 20 (Waiver of Claims) and Paragraph 22 (Waiver of Claim-Splitting Defenses), the covenant in Paragraph 18 shall not apply in the event the United States, the State, or either of the Tribes brings a cause of action or issues an order pursuant to the reservations set forth in Subparagraphs 16.c - 16.e or Paragraph 17, but only to the extent that the Settling Defendant's claims arise from the same response action, response costs, or damages that the United States, the State, or the Tribe seeks pursuant to the applicable reservation.

19. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).

20. Waiver of Claims. The Settling Defendant agrees not to assert any claims or causes of action (including claims for contribution under CERCLA) that it may have for response costs and natural resource damages relating to PCBs and their breakdown products at the Site against any other person who is a potentially responsible party under CERCLA at the Site. This waiver shall not apply with respect to any defense, claim, or cause of action that the Settling Defendant may have against any person if such person asserts or has asserted a claim or cause of action relating to the Site against the Settling Defendant.

XII. EFFECT OF SETTLEMENT / CONTRIBUTION

21. Except as provided in Paragraph 20 (Waiver of Claims), nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Except as provided in Paragraph 20 (Waiver of Claims), the Plaintiffs, the Tribes, and the Settling Defendant each reserve any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

22. Waiver of Claim Splitting Defenses. In any subsequent administrative or judicial proceeding against the Settling Defendant that is initiated by the United States, the State, or the Tribes for injunctive relief, recovery of response costs or Natural Resource Damages, or other relief relating to the Site, the Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue

preclusion, claim-splitting, or other defenses based upon any contention that the claims raised in the subsequent proceeding were or should have been brought in the instant action; provided, however, that nothing in this Paragraph affects the enforceability of the Covenants Not to Sue set forth in Section IX.

23. ~~-~~Contribution Protection. The Parties agree, and by entering this Consent Decree this Court finds, that the Settling Defendant is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by Section 122(g)(5) of CERCLA, 42 U.S.C. § 9622(g)(5), for “matters addressed” in this Consent Decree. The Parties also agree, and by entering this Consent Decree this Court finds, that this Consent Decree constitutes a judicially-approved settlement for purposes of Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), and that the Settling Defendant is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, or as may be otherwise provided by law, for “matters addressed” in this Consent Decree. The “matters addressed” in this Consent Decree are Natural Resource Damages and all response actions taken or to be taken and all response costs incurred or to be incurred, at or in connection with the Site, by the United States, the State, or any other person.

XIII. RETENTION OF JURISDICTION

24. This Court shall retain jurisdiction over this matter for the purpose of interpreting and enforcing the terms of this Consent Decree.

XIV. INTEGRATION / APPENDIX

25. This Consent Decree and its appendix constitute the final, complete and exclusive agreement and understanding among the Parties with respect to the settlement embodied in this

Consent Decree. The Parties acknowledge that there are no representations, agreements or understandings relating to the settlement other than those expressly contained in this Consent Decree. The following appendix is attached and incorporated into this Consent Decree:

26. This Consent Decree shall be lodged with the Court for a period of not less than 30 days for public notice and comment. The United States shall file with the Court any written comments received and the United States’ response thereto. The Plaintiffs and the Tribes reserve the right to withdraw or withhold their consent if comments regarding the Consent Decree disclose facts or considerations which indicate that this Consent Decree is inappropriate, improper or inadequate. The Settling Defendant consents to entry of this Consent Decree without further notice, and the United States reserves the right to oppose an attempt by any person to intervene in this civil action.

27. If for any reason this Court should decline to approve this Consent Decree in the form presented, this agreement is voidable at the sole discretion of any Party and the terms of the agreement may not be used as evidence in any litigation between the Parties.

XVI. EFFECTIVE DATE

28. The effective date of this Consent Decree shall be the date of entry by this Court, following public comment pursuant to Paragraph 26.

XVII. SIGNATORIES / SERVICE

29. The undersigned representatives of the Settling Defendant, the United States, the State, and the Tribes each certify that he or she is fully authorized to enter into the terms and

conditions of this Consent Decree and to execute and legally bind such Party to this document.

This Consent Decree may be executed in multiple counterparts, each of which shall be deemed an original, but all of which, taken together, shall constitute one and the same instrument.

30. The Settling Defendant hereby agrees not to oppose entry of this Consent Decree by this Court or to challenge any provision of this Consent Decree, unless the United States has notified the Settling Defendant in writing that it no longer supports entry of the Consent Decree.

31. The Settling Defendant shall identify, on the attached signature page, the name and address of an agent who is authorized to accept service of process by mail on its behalf with respect to all matters arising under or relating to this Consent Decree. The Settling Defendant hereby agrees to accept service including, but not limited to, service of a summons, in that manner and to waive the formal service requirements set forth in Rule 4 of the Federal Rules of Civil Procedure and any applicable local rules of this Court.

XVIII. FINAL JUDGMENT

32. Upon entry of this Consent Decree by the Court, this Consent Decree shall constitute the final judgment between the United States and Settling Defendants. The Court finds that there is no just reason for delay and therefore enters this judgment as a final judgment under Fed. R. Civ. P. 54 and 58.
