

**PUBLIC NOTICE  
ISSUED BY THE  
UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
REGARDING  
EMD CHEMICALS INC.**

**NOTICE OF ISSUANCE OF A PROPOSED CORRECTIVE MEASURES**

**DECISION** is hereby given that on August 4, 2008, the United States Environmental Protection Agency (U.S. EPA) proposed to issue a Corrective Measures Decision under the Resource Conservation and Recovery Act (RCRA) to EMD Chemicals Inc. (EMD) (U.S. EPA Identification Number OHD 086 438 538) for its facility located at 2909 Highland Avenue, Cincinnati, Ohio and that the U.S. EPA will be accepting comments on this proposed decision from August 5, 2008 through September 19, 2008.

The proposed decision provides for the physical containment of wastes and contaminated soil, capture of contaminated ground water, ground water monitoring, and institutional controls for the EMD property. The U.S. EPA has scheduled a public comment period starting on August 5, 2008. During the comment period, U.S. EPA will accept written comments on the proposed determination. All written comments must be postmarked by September 19, 2008, and should be submitted to:

United States Environmental Protection Agency  
Remediation and Reuse Branch (LU-9J)  
77 West Jackson Boulevard  
Chicago, Illinois 60604  
Attention: Don Heller  
toll free (800) 621-8431

Copies of relevant documents, including the Statement of Basis, are available for public inspection and copying from August 5, 2008, to September 19, 2008, during normal business hours, by visiting the:

Cincinnati Public Library, Norwood Branch  
4325 Montgomery Road  
Cincinnati, Ohio

And

United States Environmental Protection Agency  
Chicago Office (see address above)

After U.S. EPA's consideration of public comments that have been received, they will be summarized and responses will be provided in a "Response to Comments" document.
