**STATEMENT OF BASIS for  
BASF CORPORATION  
HOLLAND, MICHIGAN**

The United States Environmental Protection Agency (U.S. EPA) is managing environmental corrective action at the BASF Corporation facility, located in Holland, Michigan. The corrective action is being performed by BASF Corporation under the authority of the Resource Conservation and Recovery Act (RCRA). The Statement of Basis prepared by U.S. EPA provides a summary of BASF Corporation's investigation of contamination at and from their facility, and a summary of BASF Corporation's study of viable remedies. This Statement of Basis also specifies the remedy proposed by U.S. EPA to clean up contamination at and from the facility.

U.S. EPA is issuing this Statement of Basis as part of its public participation responsibilities under RCRA. The fact sheet summarizes information that can be found in greater detail in the RCRA Facility Investigation (RFI) and Corrective Measures Study (CMS) reports and other site related documents contained in the administrative record for this facility. These documents can be found in the information repository located at:
