

NPDES authorization to discharge to waters of the United States, Permit No. NM0028762

The applicant's mailing address is:

City of Aztec - Water Treatment Plant
201 West Chaco
Aztec, New Mexico 87410

The facility is authorized to discharge from a facility located New Mexico Highway 173 in the City of Aztec in San Juan County, New Mexico from Outfall 001 located at Latitude 36° 50' 00" North and Longitude -107° 58' 45" West. The effluent from the treatment plant is discharged to the Lower Animas Ditch; thence to the Animas River in Waterbody Segment No.20.6.4.403 of the San Juan River Basin. The known uses of the receiving water(s) are municipal and industrial water supply, irrigation, livestock watering, wildlife habitat, marginal coldwater aquatic life, warmwater aquatic life, and primary contact.

Under the Standard Industrial Classification Code 4941, the applicant operates a drinking water treatment plant. The flow is intermittent.

This is a renewal of a permit issued February 17, 2006, with an effective date of April 1, 2006, and an expiration date of December 31, 2008.

Changes from the previous permit are:

Limitations for total aluminum are eliminated and replaced with dissolved aluminum reporting.

A statement of basis is available.
