

NPDES authorization to discharge to waters of the United States, Permit No. NM0030694

The applicant's mailing address is: Four Corners Water Reclamation Facility
P. O. Box 398
Española, NM 87532

The facility is authorized to discharge from a facility located at 99 State Road 399 Espanola, on Santa Clara Indian Pueblo land, Rio Arriba County, New Mexico. The discharge from the facility is to an unnamed ditch, thence to the ephemeral waterbody named Arroyo Seco, thence to the Rio Grande River in the Pueblo of Santa Clara. The discharge is located at Latitude 35° 57' 56" North, Longitude 106° 03' 05" West. The designated uses of the receiving water are livestock and wildlife, groundwater recharge and primary contact.

Under the Standard Industrial Classification Code 4952, the facility operates a POTW with a design flow of 0.08 MGD for a retail project.

Reissuance of a permit previously issued June 30, 2005, with an effective date of August 1, 2005, and an expiration date of July 31, 2010.

Changes to the draft permit from the previous permit are:

- A. Fecal coliform bacteria limits have been eliminated and replaced with E. coli bacteria.

A fact sheet is available.

The Pueblo of Santa Clara will do the permit certification.
