

NPDES authorization to discharge to waters of the United States, Permit No. TX0127582

The applicant's mailing address is:

Alabama – Coushatta Tribe
Westside Wastewater Treatment Plant
571 State Park Rd 56
Livingston TX 77351

Under the Standard Industrial Classification (SIC) Code 4952, the applicant operates a publicly owned wastewater treatment plant with a design flow of 0.13 MGD.

The facility is authorized to discharge from a facility located on Alabama-Coushatta Tribal land at Paalki Hini Rd, Livingston, in Polk County, Texas, from Outfall 001 located at Latitude 30° 42' 42.55" North, Longitude 94° 42' 21.90" West. Discharges from the facility for the described activities are to Big Sandy Creek, thence to Village Creek in Segment 0608 of the Neches River Basin. The designated uses for Segment 0608 are high aquatic life, contact recreation and public water supply.

Changes from the previous permit are as follows:

1. The permit establishes more stringent pH requirements.
2. The permit adds total suspended solids and biochemical oxygen demand percent removal limitations to the permit.

This is a renewal of a permit issued May 30, 2008, with an effective date of June 1, 2008, and an expiration date of May 31, 2013.

A fact sheet is available.
