

**17th Annual
EPA Region 6 Stormwater Conference
October 18-22, 2015
Hot Springs Convention Center
Hot Springs, Arkansas**

Dear Potential Exhibitor,

Hot Springs, Arkansas would love to have you! I would personally like to invite you to participate as an exhibitor at the 17th Annual EPA Region 6 Stormwater Conference to be held October 18-22, 2015 at one of Hot Springs most beautiful facilities – the Hot Springs Convention Center.

This conference is a collaborative partnership with the U.S. Environmental Protection Agency and the States of Region 6.

The conference is an ideal opportunity to meet and interact with *hundreds of stormwater professionals, staff from Phase 1 and Phase II municipalities, state and local agencies, environmental professionals, academia and national organizations working in various disciplines of stormwater management.*

This year, exhibitors are getting even closer to the action with booth spaces located in the perimeter of Horner Hall Ballroom. This grand room will facilitate breaks, keynote speakers and, of course, our exhibitors. The conference will also host an exhibitor reception and conference attendees will be highly encouraged to attend.

Additional Support. Corporate partners are an important part of the success of the conference. If your company would like to sponsor a conference activity, please contact Samantha Drumm.

Exhibitor Registration is now available online. Once your registration and payment has been submitted booth spaces will assigned on a first come first serve basis. [Click here](#) (CTRL + Click to follow the link). to register as an exhibitor electronically.

Exhibitors are invited to set up Sunday, October 18th. The Exhibitor Reception will be held Tuesday, October 20th. All exhibitor questions including the need of additional accommodations should be directed to Samantha Drumm (Samantha@jwhartllc.com).

On behalf of the entire Exhibitor Committee,
Thank You for your Consideration!
