

“Serving as a regional resource for information on the causes and effective prevention of erosion”

March 19, 2012

Dear Vendor and Exhibitor,

**RE: 14th Annual EPA Region 6 MS4 Storm Water Conference
Fort Worth, Texas (June 24-29, 2011)**

I invite you to participate as an exhibitor at the 14th Annual EPA Region 6 MS4 Storm Water Conference that will be held on June 24-29, 2012, at the Worthington Renaissance Hotel, 200 Main Street, Fort Worth, Texas.

The conference is being held in partnership with the U.S. Environmental Protection Agency, the South Central Chapter of the International Erosion Control Association (SCIECA) and the States of Region 6, and hosted by the City of Fort Worth, and the Texas Department of Transportation (TXDOT) Fort Worth District.

The 2012 conference exhibition is an ideal opportunity to meet and interact with hundreds of storm water managers, Phase I and Phase II municipalities' staff, federal facilities, state and local agencies, environmental professionals, academia, regional and national organizations working in various disciplines of storm water management. Exhibits are located in an area to provide you with excellent access to conference participants with time in the program each day for participants to visit the exhibits to meet with you to discuss your products and services. Also this year is an added activity “Minute to Win It” at the Exhibitor reception, please see the attached document explaining the details.

Exhibit space is limited and on a first come, first serve basis. Each space includes a table, trash, chair and Standard 110 electrical for one representative at \$600.00. Anything over a standard electrical 110 is \$75.

Corporate partners are an important part of the success of the Operators conference. Continuing the success of last year's program, we again offer the opportunity for your company to help support the conference and, most importantly, increase your exposure to the participants.

Attached please find the “14th Annual EPA Region 6 Operators Conference “Exhibitor Registration Form”. I ask that you complete the form and return it with payment made payable to the SCIECA:

If you have any questions regarding the Exhibitor information, please call Phil Handley at (210) 233-3564.

Thank you for your consideration to be an Exhibitor at the 14th Annual EPA Storm Region 6 MS4 Storm Water Conference.

Note: “Acceptance of an exhibit/vendor does not imply EPA endorsement of a product or service”.

Respectfully,
Phil Handley-SCIECA Conference Coordinator
