RE: Farmington Municipal Separate Storm Sewer Permit No.: NMR04F004; New Mexico Department of Transportation, Annual Expenditures

To Whom It May Concern:

Submitted herewith is a summary of the New Mexico Department of Transportation – District Five (NMDOT-D5) efforts in completing activities related to the referenced matter.

In 2007, the NMDOT-D5 expended approximately \$9,700 for roadway sweeping operations; and \$16,000 litter pickup; and \$2,500 in structure cleaning performed by NMDOT-D5 in the Farmington Metropolitan Area.

In addition, NMDOT-D5 maintains an active maintenance agreement with the City of Farmington (COF) in which the COF completes routine roadway sweeping of NMDOT-D5 roadways within the corporate limits of Farmington. This routine work totals 53 lane miles of roadway sweeping completed once a month during the months of April – October in 2007. Also, the COF has completed a public awareness campaign along NMDOT-D5 maintained roadways advising the public of the results of dumping material into storm drain inlets. The NMDOT-D5 will provide support to the COF in this effort by paying for the maintenance of warning placards placed on storm drain inlets along NMDOT-D5 roadways.

NMDOT-D5 consistently looks for ways to improve operations and is currently evaluating opportunities for expanding litter pick-up operations through partnerships with the COF, and initiating a public awareness campaign by paying for the broadcast of public service announcements (PSA) on local radio stations advising the public of the results of dumping materials in storm drain inlets.

Should you have any questions or would like to discuss this matter further, please do not hesitate to contact me at (505) 476-4200.

Sincerely,

  
John E. McElroy, P.E.  
District Five, Engineer

SMALL MS4 – NOTICE OF INTENT

F004  
Dist 5

1. Legal Name of the MS4 Operator: New Mexico Department of Transportation  
Mailing address: District Five  
P.O. Box 4127  
Santa Fe, New Mexico 87502-4127  
Contact Person John E. McElroy Miguel Gabaldon  
Telephone Number 1-800-388-6630

2. Operator is a  Federal  State  Tribal  other public entity (check one)

3. The MS4 is located in the NMR04F004 urbanized area or \_\_\_\_\_ core municipality or Indian reservation/pueblo (if not located in an urbanized area); in San Juan County county(ies), and the latitude and longitude of the approximate center of the small MS4 is Long = 108 deg 09 min; Lat = 36 deg. 45 min

4 The major receiving water(s) are San Juan and Animas Rivers.  
Does the MS4 discharge to any waters for which an TMDL applicable to discharges from the MS4 has been approved  Yes  No  N/A? (See Part 1.4.8)

5 The MS4  is  is not  is partially located on Indian Country lands. If so, the Indian Country Lands include the following \_\_\_\_\_  
(NOTE: MS4s straddling State and Indian Country land boundaries will be issued authorization under all applicable permits and may have additional State or Tribal specific requirements applicable to different areas of the MS4 - see Part 8)

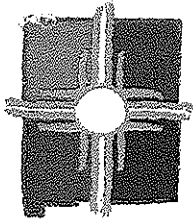

6 If the MS4 operator is relying on another governmental entity to satisfy one or more permit obligations (see Part 5.4), the identity of that entity(ies) and the element(s) the entity(ies) will be implementing N/A Required information attached

7. A description of the storm water management program (SWMP), including best management practices (BMPs) that will be implemented and the measurable goals for each of the storm water minimum control measures specified in Part 5.2 of this permit, the month and year in which the MS4 operator will start and fully implement each of the minimum control measures or the frequency of the action, the name of the person(s) or position(s) responsible for implementing or coordinating the SWMP, and the supporting documentation required by Parts 1.5 and 1.6. is attached.

8. I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

RE: Santa Fe Municipal Separate Storm Sewer Permit No.: NMR04S005; New Mexico Department of Transportation, Annual Expenditures

To Whom It May Concern:

Submitted herewith is a summary of the New Mexico Department of Transportation – District Five (NMDOT-D5) efforts in completing activities related to the referenced matter.

In 2007, the NMDOT-D5 expended approximately \$7,500 for roadway sweeping operations and \$24,000 litter pickup performed by NMDOT-D5 and New Mexico Department of Corrections personnel in the Santa Fe Metropolitan Area.

In addition, NMDOT-D5 maintains an active maintenance agreement with the City of Santa Fe (CSF) in which the CSF completes routine roadway sweeping of NMDOT-D5 roadways within the corporate limits of Santa Fe. This routine work totals 68 lane miles of roadway sweeping completed once a month during the months of April – October in 2007. Also, the CSF has completed a public awareness campaign along NMDOT-D5 maintained roadways advising the public of the results of dumping material into storm drain inlets. The NMDOT-D5 will provide support to the CSF in this effort by paying for the maintenance of warning placards placed on storm drain inlets along NMDOT-D5 roadways.

NMDOT-D5 consistently looks for ways to improve operations and is currently evaluating opportunities for expanding litter pick-up operations through partnerships with the CSF, and initiating a public awareness campaign by paying for the broadcast of public service announcements (PSA) on local radio stations advising the public of the results of dumping materials in storm drain inlets.
