

NOTICE OF INTENT

National Pollutant Discharge Elimination System Stormwater Program  
MS4 Notice of Intent Format

Check box if you are submitting an individual NOI with one or more cooperative program elements.

Check box if you are submitting an individual NOI with individual program elements only.

Check box if your municipality or organization was previously covered under a MS4 permit.

Please indicate the permittee class type: (Note: The definition of the permittee class type is located in Table 1 of Part I.B.1.)

- A (Phase I)  B (Phase II)  C (New Phase II)  D (MS4s within Indian Lands)

I. MS4(s) Information

A. General Information

Village of Los Ranchos de Albuquerque

Name of MS4

Tim

Name of Contact Person (First)

McDonough

(Last)

Director, Planning

(Title)

(505) 344-6582

Telephone (including area code)

tmcdonough@losranchosnm.gov

Email

6718 Rio Grande Blvd. NW

Mailing Address

Los Ranchos

City

NM

State

87107

ZIP code

What size population does your MS4(s) serve? 6,024

The operator is:  Federal  State  Tribal  other public (check one)

**B. In what urbanized area (UA), the MS4 is located in:**

- Farmington UA
- Santa Fe UA
- Albuquerque UA
- Los Lunas UA
- Las Cruces UA
- El Paso UA

**C. If not located in an UA, the MS4 is located in:**

Core Municipality

Indian Reservation/Pueblo

County(ies)

Cluster

**D. Is this a Phase I MS4?**  Yes  No

Is this a Non-traditional MS4?  Yes  No

If so, Check one:  Dept. of Transportation  Flood Control Authority  University

Other - Specify

What is the Latitude and longitude of the approximate center of the MS4?

Latitude  Longitude

**II. Eligibility Determination**

**A. Receiving Water(s) Information**

Does the MS4 discharge to any waters for which an TMDL applicable to discharges from the MS4 has been approved? (See Part I.A.5.f)  Yes  No  NA

The receiving water(s) are:	State or Tribal Segment ID	Approved TMDL	TMDL assigns WLA to MS4
<input type="text" value="Middle Rio Grande"/>	<input type="text" value="2105_50"/>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
<input type="text"/>	<input type="text"/>	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
<input type="text"/>	<input type="text"/>	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
<input type="text"/>	<input type="text"/>	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
<input type="text"/>	<input type="text"/>	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No

Is the MS4 (or a group of MS4s) seeking an alternative sub-measurable goal for TMDL controls under Part I.C.2.b.(i).(c).B?  Yes  No  NA

If so, the MS4 or a group of MS4s must submit a preliminary proposal with the NOI to EPA and NMED (see Part I.B.2.k, Section B.2 in Appendix B and Part III.D.4). This proposal should include, but is not limited to, the elements included in Appendix B under Section B.2 of the permit

If the MS4 discharges to a receiving water for which EPA has approved or developed a TMDL, describe how the eligibility requirements of Part I.A.5.f and Part I.C.2. have been met :

A bacteria TMDL for the Middle Rio Grande was approved by the New Mexico Water Quality Control Commission on April 13, 2010, and by EPA on June 30, 2010. The new TMDL modifies: 1) the indicator parameter for bacteria from fecal coliform to E. coli, +

and 2) has established a WLA for discharges covered by this permit in the Middle Rio Grande watershed.

The Village will cooperate, and potentially share WLAs with other permittees, to meet the assigned WLA for listed stream segments. As specified in Part I.C.2.b.i.c.B, the Village may share efforts and request an aggregate WLA to be specified in the SWMP. +

**B. Is the MS4 partially located on Indian Country lands?**     Yes     No

If so, the Indian Country Lands include the following: (NOTE: MS4s straddling State and Indian Country land boundaries will be issued authorization under all applicable permits and may have additional State or Tribal-specific requirements applicable to different areas of the MS4 - see Part VIII and initial notification under Part III.D.4)

**C. Is the permit in compliance with the National Historic Preservation Act (NHPA)?**     Yes     No

In order to be eligible for coverage under this permit, the MS4 operator must meet one of the following criteria: (Please check which criterion the MS4 is eligible under)

**Criterion A:** storm water discharges, allowable non-storm water discharges, and discharge-related activities do not affect a property that is listed or is eligible for listing on the National Register of Historic Places as maintained by the Secretary of the Interior.   

**Criterion B:** the applicant has obtained and is in compliance with a written agreement with the State Historic Preservation Officer (SHPO) or Tribal Historic Preservation Officer (THPO) (or equivalent tribal authority) that outlines all measures the MS4 operator will undertake to mitigate or prevent adverse effect to the historic property.   

Provide a brief summary of the basis for the criterion selected above:

The 4th Street Project is the only significant change to the historical drainage patterns of the Village of Los Ranchos. The Village received a FONSI with the State Historical Preservation Office sign-off for the 4th Street Project. +

### III. Preliminary Description of the Proposed Stormwater Program

As applicable, use Sections 1 through 8 below to describe the storm water management program (SWMP), including best management practices (BMPs) or storm water controls that will be implemented and the measurable goals for each of the storm water minimum control measures specified in Part I.D.5 of this permit, the month and year in which the MS4 operator will start and fully implement each of the minimum control measures or the frequency of the action, the name of the person(s) or position(s) responsible for implementing or coordinating the SWMP.

If the MS4 operator is participating in cooperative programs with other parties (or is relying on another governmental entity) to satisfy one or more permit obligations (see Part I.D.3), use the space provided under *Cooperative Elements* to identify the partners and briefly describe roles and responsibilities.

*NOTE:*

*The space provided in the fields below (255 characters) should be used to briefly describe proposed BMPs and corresponding measurable goals. Individual boxes should be used to describe individual target activities. If additional space is required to describe target activities, the MS4(s) should attach such as information with the NOI using the format provided.*

#### Section 1. Construction Site Stormwater Runoff Control – Proposed BMPS, Stormwater Controls, and Measurable Goals

##### 1.1. Development of an ordinance or other regulatory mechanism as required in Part I.D.5.a.(ii)(a)

The Village of Los Ranchos (VLR) has an existing Stormwater Management Ordinance adopted in 2007 in compliance with the Village's Phase 2 Permit. This ordinance will be reviewed and updated as needed to comply with the new Permit.

The review and update will begin July 1, 2015 and be completed by June 22, 2016, within 18 months of the effective date of this permit, as required. The Planning and Zoning (P&Z) Director will be responsible for completing this task.

#### Cooperative Elements

The VLR will work with Bernalillo County representatives to enhance training for Village Staff and Private contractors/developers. Bernalillo County staff will provide "ride along" on-job-training to Village inspectors.

The VLR will develop and coordinate one training session per year directed at developers, construction site operators, contractors, and supporting personnel who work within the Village and Bernalillo County areas.

**1.2. Develop requirements and procedures as required in Part I.D.5.a.(ii)(b) through in Part I.D.5.a.(ii)(h)**

The VLR will prepare, revise and update the various requirements and procedures required under Part I.D.5.a.(ii)(b)-(h). The task will begin July 1, 2015 and be completed by June 22, 2016, within 18 months of the effective date of this permit. +

The P&Z Director will be responsible for completing this task.

**Cooperative Elements**

**1.3. Annually conduct site inspections of 100 percent of all construction projects cumulatively disturbing one (1) or more acres as required in Part I.D.5.a.(iii)**

The VLR will conduct site inspections of 100 percent of all construction projects cumulatively disturbing one (1) or more acres as required in Part I.D.5.a.(iii), annually. We will begin inspections upon EPA acceptance of this NOI. +

The P&Z Director and Code Enforcement Officer will be responsible for completing this task.

Cooperative Elements

**1.4.** Coordinate with all departments and boards with jurisdiction over the planning, review, permitting, or approval of public and private construction projects/activities within the permit area as required in Part I.D.5.a.(iv)

The VLR will coordinate between P&Z staff, P&Z Commission, and Bernalillo County Building Inspectors (who provide construction inspection services under contract to VLR) as the entities with jurisdiction over development/construction projects.
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Coordination of the groups has begun and will continue during the period of the Permit.
-----------------------------------------------------------------------------------------

--

--

Cooperative Elements

The Village currently Coordinates with Bernalillo County for the planning, review, permitting, or approval of public and private construction projects/activities within the permit area
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

--

--

--

**1.5. Evaluation of GI/LID/Sustainable practices in site plan reviews as required in Part I.D.5.a.(v)**

The VLR will evaluate the use of GI/LID/Sustainable practices in site plan reviews as required in Part I.D.5.a.(v). The VLR is an historically agricultural area of the Rio Grande Valley where surface irrigation is practiced.

For most of the Village, there is no storm sewer system and land owners have always been required to contain runoff on their property. GI/LID/Sustainable practices have always been practiced here and will continue to evaluate Site Plans for compliance.

This evaluation is ongoing, and is the responsibility of the P&Z Director.

**Cooperative Elements**

**1.6. Enhance the program to include program elements in Part I.D.5.a.(viii) through Part I.D.5.a.(x)**

The Village will utilize storm water educational materials locally developed and provided by EPA as appropriate.

The Village will cite the COA NPDES Stormwater Management Handbook as a reference for BMPs for consistency in storm water management approaches in the middle Rio Grande area.

Cooperative Elements

**1.7. Describe other proposed activities to address the Construction Site Stormwater Runoff Control Measure:**

**Section 2. Post-Construction Stormwater Management in New Development and Redevelopment – Proposed BMPs, Stormwater Controls, and Measurable Goals**

**2.1. Development of strategies as required in Part I.D.5.b.(ii).(a)**

The Village has and will develop strategies, both structural and non-structural to control pollutants in storm water runoff. Initial strategies will be developed prior to February 22, 2016 and modified and improved as needed.
The Planning & Zoning Director will be responsible for identifying strategies.

Cooperative Elements

**2.2. Development of an ordinance or other regulatory mechanism as required in Part I.D.5.b.(ii).(b)**

The Village of Los Ranchos (VLR) has an existing Stormwater Management Ordinance adopted in 2007 in compliance with the Village's Phase 2 Permit. This ordinance will be reviewed and updated as needed to comply with the new Permit. +

The review and update will begin July 1, 2015 and be completed by June 22, 2016, within 36 months of the effective date of this permit, as required. The Planning and Zoning (P&Z) Director will be responsible for completing this task. +

Cooperative Elements

**2.3. Implementation and enforcement, via the ordinance or other regulatory mechanism, of site design standards as required in Part I.D.5.b.(ii).(b).**

The Village will implement its ordinances that address post-construction runoff from new development and redevelopment projects. Current design standards require containment of all runoff in excess of historic flows.

The Village will update the requirements and enforcement language and procedures to further reduce runoff from post-construction, within 48 months of the Permit (Dec. 22, 2018).

The Planning and Zoning director will be responsible for implementing the program.

**Cooperative Elements**

The Village will work with the TAG and other agencies to review and revise requirements and procedures.

**2.4. Ensure appropriate implementation of structural controls as required in Part I.D.5.b.(ii).(c) and Part I.D.5.b.(ii).(d)**

The Village will strive to ensure appropriate implementation of structural controls are used for post construction treatment, through plan review and ongoing inspection. The program will be fully implemented within 30 months of the Permit (6/22/2017).

The Planning and Zoning director will be responsible for implementing the program.

**Cooperative Elements**

The Village will work with the TAG and other agencies to review and revise requirements and procedures to accomplish the permit goals.

**2.5. Develop procedures as required in Part I.D.5.b.(ii).(e), Part I.D.5.b.(ii).(f), Part I.D.5.b.(ii).(g), and Part I.D.5.b.(ii).(h)**

The Village will develop procedures as required in Part I.D.5.b.(ii).(e), Part I.D.5.b.(ii).(f), Part I.D.5.b.(ii).(g), and Part I.D.5.b.(ii).(h), including educational programs, site inspections, and chemical applications.
The program will be in place within 18 months (6/22/16) of the permit as required.

**Cooperative Elements**

The Village has an agreement with Bernalillo County where the Village will coordinate training for project developers, contractors and owners and the county will assist in training village inspection staff.
The Village will coordinate with the TAG on educational programs.

**2.6. Coordinate internally with all departments and boards with jurisdiction over the planning, review, permitting, or approval of public and private construction projects/activities within the permit area as required in Part I.D.5.b.(iii)**

The Village of Los Ranchos is a small entity. There are 9 employees total, 3 involved with the planning, review, permitting, or approval of public and private construction projects/activities within the permit area. We will coordinate internally. +

This coordination is ongoing, but will be in place within the one year permit requirement (12/22/2015).

The Planning & Zoning Director will be responsible for the coordination.

**Cooperative Elements**

**2.7. As required in Part I.D.5.b.(iv), the permittee must assess all existing codes, ordinances, planning documents and other applicable regulations, for impediments to the use of GI/LID/Sustainable practices**

The Village will assess all existing codes, planning documents and other applicable regulations, for impediments to the use of GI/LID/Sustainable practices. This will be completed within 2 years of the effective date of the Permit (12/22/2016). +

The Planning & Zoning Director will be responsible for the coordination.

Cooperative Elements

**2.8. As required in Part I.D.5.b.(iv), describe the plan to report the assessment findings on GI/LID/ Sustainable practices**

The Village will review our Zoning Code to identify restrictions to use of GI/LID/ Sustainable practices, identify those barriers and identify necessary corrections. The report will be a narrative assessment of the Village Code and findings.
The report will be completed within the 27 month schedule as shown in the permit (3/22/2017).
The Planning & Zoning Director will be responsible for completion of the review and report.

Cooperative Elements

**2.9. Estimation of the number of acres of IA and DCIA as required in Part I.D.5.b.(vi)**

The Village will develop an estimation of the number of acres of IA and DCIA as required in Part I.D.5.b.(vi).

The estimate will be completed within 30 months of the effective date of the permit (6/22/2017).

The Planning & Zoning Director will be responsible for completing the estimate.

**Cooperative Elements**

The Village will utilize existing GIS information available from Bernalillo County and the City of Albuquerque.

**2.10. Inventory and priority ranking as required in section in Part I.D.5.b.(vii)**

The Village will inventory and develop a priority ranking of MS4 owned property and infrastructure that may have the potential to be retrofitted to better control discharges and pollutants. To be completed within 42 months of the Permit (6/22/2018).

The Planning & Zoning Director will be responsible for completing the inventory and ranking.

**Cooperative Elements**

The Village will utilize existing GIS information available from Bernalillo County and the City of Albuquerque.

**2.11. Incorporate watershed protection elements as required in Part I.D.5.b.(viii)**

The Village will incorporate watershed protection elements into relevant Policy and Planning documents as they come up for review during the permit period. We will strive to complete this within the 30 month permit requirement (6/22/2017). <span style="float: right;">+</span>
However the main Planning document is not scheduled for revision until 2020.
The Planning & Zoning Director will be responsible for insuring watershed protection elements are include in the planning documents.

**Cooperative Elements**

**2.12. Enhance the program to include program elements in Part I.D.5.b.(xi) and Part I.D.5.b.(xii)**

The Village will utilize storm water educational materials provided by EPA or locally produced.
The Village will participate in locally based watershed planning efforts.

**Cooperative Elements**

The Village will participate in the TAG and Stormwater Team, a Public Education focused consortium of co-permittees.

**2.13. Describe other proposed activities to address the Post-Construction Stormwater Management in New Development and Redevelopment Measure:**

**Section 3. Pollution Prevention/Good Housekeeping for Municipal/Co-permittee Operations – Proposed BMPs, Stormwater Controls, and Measurable Goals**

**3.1. Develop or update the Pollution Prevention/Good House Keeping program to include the elements in Part I.D.5.c.(i)**

The Village will revise and update their Pollution Prevention/Good House Keeping program designed to prevent and reduce stormwater pollution. The program will be updated within the 18 months identified in the permit (6/22/2016).

The Planning & Zoning Director will be responsible for updating the program, with the assistance of the maintenance staff.

**Cooperative Elements**

Coordinate with the TAG to exchange ideas for procedures and improvements.

**3.2. Enhance the program to include the elements in Part I.D.5.c.(ii)**

The Village will include in their program the elements in Part I.D.5.c.(ii) that apply to the Village (i.e. the Village has no de-icing program).

Cooperative Elements

**3.3. Develop or update a list and a map of industrial facilities owned or operated by the permittee as required in Part I.D.5.c.(iii)**

The Village has no industrial facilities that we own or operate.

Cooperative Elements

**3.4. Describe other proposed activities to address the Pollution Prevention/Good Housekeeping for Municipal/permittee Operations Measure:**

**Section 4: Industrial and High Risk Runoff – Proposed BMPs, Stormwater Controls, and Measurable Goals (APPLICABLE ONLY TO CLASS A PERMITTEES)**

**4.1. Ordinance (or other control method) as required in Part I.D.5.d.(i)**

N/A - The Village is a Class B Permittee

**Cooperative Elements**

**4.2. Continue implementation and enforcement of the Industrial and High Risk Runoff program, assess the overall success of the program, and document both direct and indirect measurements of program effectiveness in the annual report as required in Part I.D.5.d.(ii)**

N/A - The Village is a Class B Permittee

**Cooperative Elements**

**4.3. Meet the monitoring requirements in Part I.D.5.d.(iii)**

N/A - The Village is a Class B Permittee

Cooperative Elements

**4.4. Include requirements in Part I.D.5.d.(iv)**

N/A - The Village is a Class B Permittee

Cooperative Elements

**4.5. Enhance the program to include requirements in Part I.D.5.d.(vii)**

N/A - The Village is a Class B Permittee

**Cooperative Elements**

**4.6. Describe other proposed activities to address the Industrial and High Risk Runoff Measure:**

N/A - The Village is a Class B Permittee

**Section 5. Illicit Discharges and Improper Disposal – Proposed BMPs, Stormwater Controls, and Measurable Goals**

**5.1. Mapping as required in Part I.D.5.e.(i)(a)**

The Village has developed the required map.

**Cooperative Elements**

**5.2. Ordinance (or other control method) as required in Part I.D.5.e.(i)(b)**

The Village has an ordinance prohibiting non-stormwater discharges. We will review for compliance with the new permit within 1 year of the permit effective date (12/22/2015), as well as revise and update enforcement procedures. <span style="float: right;">+</span>
The Planning & Zoning director will be responsible for the task.

Cooperative Elements

**5.3. Develop and implement a IDDE plan as required in Part I.D.5.e.(i)(c)**

The Village will implement an IDDE plan, including procedures for locating priority areas and appropriate field tests, enforcement, source removal, program evaluation, and coordination with adjacent jurisdictions.
The Program will be completed within the 30 month time frame as indicated in the permit (6/22/2017). The Planning & Zoning director will be responsible for developing the Plan.

Cooperative Elements

The Village as part of the TAG and Stormwater Team will participate in coordination with the surrounding entities.

**5.4. Develop an education program as required in Part I.D.5.e.(i)(d)**

The Village will develop an educational program directed at employees, businesses, and general public which will include the hazards of IDDE and public reporting. The program will be developed prior to the 18 month requirement in the permit (6/22/2016).

The Planning & Zoning director will be responsible for the program.

**Cooperative Elements**

As part of the Stormwater Team, educational programs are developed jointly to serve all participating permittees. The Team is currently developing the program for July 1, 2015 - June 30, 2016 and this issue has been discussed for inclusion.

**5.5. Establish a hotline as required in Part I.D.5.e.(i)(e)**

The Village will identify a call in number for public complaints, within 18 months per the permit (6/22/2016).

The Planning & Zoning director will be responsible for the task.

Cooperative Elements

The TAG has discussed using a common hotline (or 2) for all permittees. We will continue the discussion and the review the logistics of forwarding calls to individual entities.

**5.6. Investigate suspected significant/severe illicit discharges as required in Part I.D.5.e.(i)(f)**

The Village will and has investigated significant/severe illicit discharges with 48 hours or as soon as practicable and follow up to ensure elimination of the discharge .
The Planning & Zoning director will be responsible for the task.

Cooperative Elements

**5.7. Review complaint records and develop a targeted source reduction program as required in Part I.D.5.e.(i)(g)**

The Village will review complaint records and develop a targeted source reduction program within one year of the effective date of the permit (12/22/2015).

The Planning & Zoning director will be responsible for the task.

**Cooperative Elements**

**5.8. Screening of system as required in Part I.D.5.e.(iii) as follows:**

The Village will screen the entire jurisdiction at least every five years and high priority areas at least every one year, and will include description of the means, methods and controls in the SWMP.

MG - Develop Procedures for whole system screening in years 1-3.  
MG - Screen at least 30% of system in year 4.  
MG - Complete whole system in year 5. +

The Planning & Zoning director will be responsible for the task.

Cooperative Elements

**5.9. Develop, update, and implement a Waste Collection Program as required in Part I.D.5.e.(iv)**

The Village will develop, update, and implement a Waste Collection Program as required in Part I.D.5.e.(iv). The program will be developed within 30 months of the permit effective date (6/22/2017).

The Planning & Zoning director will be responsible for the task.

Cooperative Elements

The Village will look to piggyback with Bernalillo County and /or City of Albuquerque for Household Hazardous Waste Collection.

**5.10. Develop, update and implement a Spill Prevention and Response program to prevent, contain, and respond to spills that may discharge into the MS4 as required in Part I.D.5.e.(v)**

The Village will develop, update and implement a Spill Prevention and Response program to prevent, contain, and respond to spills that may discharge into the MS4 within 18 months of the Permit effective date (6/22/2016). +

The Planning & Zoning director will be responsible for the task.

**Cooperative Elements**

The Village contracts with Bernalillo County for Fire & EMS services which includes response to spills of hazardous materials.

**5.11. Enhance the program to include requirements in Part I.D.5.e.(ix)**

The Village will, after screening a non-high priority area once, adopt an "in response to complaints only" IDDE for that area provided there are citizen complaints on no more than two (2) separate events within a twelve month period. +

Cooperative Elements

**5.12. Describe other proposed activities to address the Illicit Discharges and Improper Disposal Measure:**

**Section 6. Control of Floatables Discharges – Proposed BMPs, Stormwater Controls, and Measurable Goals**

**6.1. Develop a schedule to implement the program as required in Part I.D.5.f.(i)(a)**

The Village will continue to update and implement a program to control floatables in our stormwater discharge. The program is ongoing and includes structural BMPs and operational BMPs.
The program is the responsibility of the Planning & Zoning Director.

Cooperative Elements

**6.2. Describe the plan to estimate the annual volume of floatables and trash removed from each control facility and characterize the floatable type as required in Part I.D.5.f.(i)(b)**

The current program includes a structural BMP ("Stormceptor") in the storm sewer system just prior to discharge and street sweeping along the roadways served by the storm sewer system. Waste material will be evaluated for floatable materials. <span style="float: right;">+</span>
From the waste material we will estimate the volume and characterize the materials within the required 30 months from permit effective date (6/22/2017).
The program is the responsibility of the Planning & Zoning Director, with assistance from the Village maintenance group..

Cooperative Elements

**6.3. Describe other proposed activities to address the Control of Floatables Discharges Measure:**

**Section 7. Public Education and Outreach on Stormwater Impacts – proposed BMPs, Stormwater Controls, and Measurable Goals**

**7.1. Develop, revise, implement, and maintain an education and outreach program as required in Part I.D.5.g.(i) and Part I.D.5.g.(ii)**

The Village will develop, revise, implement, and maintain an education and outreach program as required in Part I.D.5.g.(i) and Part I.D.5.g.(ii), primarily through participation as a paid annual member of the Middle Rio Grande Stormwater Quality Team .

The Middle Rio Grande Stormwater Quality Team (MRGSQT) was originally established by the Phase 1 Permittees to jointly address the public education and outreach requirements in the Phase 1 permits.

With the new Watershed based permit membership has been offered to Phase 2 and new permittees.

--

**Cooperative Elements**

The entire program is a cooperative collaboration both financially and technically to address the public education requirements in the Watershed Permit, under an intergovernmental agreement.

--

--

--

**7.2. Enhance the program to include requirements in Part I.D.5.g.(v) through Part I.D.5.g.(viii)**

In conjunction with the MRGSQT the Village will update and enhance the program to include requirements in Part I.D.5.g.(v) through Part I.D.5.g.(viii).

**Cooperative Elements**

A joint program under the MRGSQT.

**7.3. Describe other proposed activities to address the Public Education and Outreach on Stormwater Impacts Measure:**

**Section 8. Public Involvement and Participation – Proposed BMPs, Stormwater Controls, and Measurable Goals**

**8.1. Develop (or update), implement, and maintain a public involvement and participation plan as required in Part I.D.5.h.(ii) and Part I.D.5.h.(iii)**

The Village, in conjunction with the MRGSWT and TAG will update, and maintain a public involvement and participation plan as required in Part I.D.5.h.(ii) and Part I.D.5.h.(iii). The program elements will be identified prior to 2/22/2016.

**Cooperative Elements**

Participate in the MRGSWT and TAG to foster public involvement and participation across the watershed.

**8.2. Describe the plan to comply with State, Tribal, and local notice requirements when implementing a Public Involvement and Participation Program as required in Part I.D.5.h.(iv)**

The Village has and will continue to comply with State, and local notice requirements when implementing a Public Involvement and Participation Program as required in Part I.D.5.h.(iv)

**Cooperative Elements**

In coordination with MRGSWT and TAG.

**8.3. Describe a plan to include elements as required in Part I.D.5.h.(v)**

The Village has and will encourage public participation to all economic and ethnic groups. The Stormwater Program is discussed regularly in Village Board of Trustee and Planning and Zoning Commission meetings where public input is encouraged. 
Village efforts will be expanded in conjunction with the MRGSQT and TAG to reach a broader audience.

**Cooperative Elements**

Participate in the MRGSWT and TAG to foster public participation across the watershed.

**8.4.** As required in Part I.D.5.h.(viii) provide the internet site (or website) where the SWMP document, Annual Reports, and other documents will be available to the public.

www.losranchosnm.gov

**8.5.** Enhance the program to include requirements in Part I.D.5.h.(ix)

By virtue of membership in the MRGSQT the Village will begin supporting and working with the River Xchange program and BEMP, two ongoing programs directed at educating school age residents on the impacts of stormwater on the river and bosque.

**Cooperative Elements**

Participation in the MRGSWT and TAG.

**8.6.** Describe other proposed activities to address the Public Involvement and Participation Measure:

Stormwater topics and issues will be addressed in Planning & Zoning Commission and Board of Trustees public meeting as they arise.

#### IV. Proposed Monitoring Program

Indicate wet weather monitoring program preference:

Individual Monitoring Program

Cooperative Monitoring Program

Provide a general description of the propose monitoring program.

The Village will participate in the cooperative monitoring program with the other Co-permittees that is currently in development. Should monitoring be required before the plan is approved the Village will sample upstream and downstream of our outfalls. +

#### V. Public Participation

Include a Summary of issues raised in any local public comments received by the MS4 Operator on the draft NOI/SWMP and MS4 operator's responses.

No issues were raised during the public comment period. The Village received one letter from the Business Water Task Force of NAIOP requesting notice of any proposed ordinance changes or other actions affecting the NAIOP community. +

#### VI. Attachments

Attach a location map showing the boundaries of the MS4 under the applicant's jurisdiction. The map must include streets or other demarcations so that the exact boundaries can be located.

Are other attachments included with the NOI? If so, indicate the title of the document(s).

**VII. Certification**

*I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.*
