

Public Notice

Final National Pollutant Discharge Elimination System (NPDES) General Permit No. NMR040000 for discharges from small municipal separate storm sewer systems (MS4s) in New Mexico was issued May 31, 2007, and became effective July 1, 2007. Under terms of this permit, MS4s are required to submit a Notice of Intent (NOI) to obtain coverage under the permit. As outlined in the General Permit, EPA is providing an opportunity for the public to review each NOI and Stormwater Management Plan (SWMP) prior to permit authorization becoming effective.

The NOI and SWMP for Town of Mesilla are now available for public review on-line at:

<http://www.epa.gov/region6/water/npdes/sw/sms4/sms4noi.htm>

Comments or requests for a public meeting/hearing are due by April 25, 2011.

If you wish to obtain hard copies of these documents or wish to submit comments, you may do so in writing, by e-mail or calling as below.
