

FINAL REGULATION ORDER

Note: This document is printed in a style to indicate changes from the existing provisions. All existing language is indicated by plain type. All additions to language are indicated by underlined text. All deletions to language are indicated by ~~strikeout~~. Only those portions containing the suggested modifications from the existing provisions are included. All other portions remain unchanged and are indicated by the symbol “* * * *” for reference.

Amend Article 4, Chapter 9, Division 3, Title 13, California Code of Regulations (CCR), including recently adopted section 2425.1, to read as follows:

Chapter 9. Off-Road Vehicles and Engines Pollution Control Devices

Article 4. ~~Heavy-Duty Off-Road~~ Compression-Ignition Diesel Cycle Engines and Equipment

§ 2420. Applicability.

(a)(1) This article shall be applicable to new heavy-duty off-road compression-ignition engines, including all heavy-duty off-road alternate-fueled compression-ignition engines, including those engines derived from existing diesel cycle engines (hereinafter all such engines shall be referred to as compression-ignition engines), produced on or after January 1, 1996, and all other new 2000 model year and later off-road compression-ignition engines, with the exception of all engines and equipment that fall within the scope of the preemption of Section 209(e)(1)(A) of the Federal Clean Air Act (42 U.S.C. 7543(e)(1)(A)) and as defined by regulation of the U.S. Environmental Protection Agency.

(2) For any engine that is not a distinctly compression-ignition engine nor derived from such, the Executive Officer shall determine whether the engine shall be subject to these regulations, taking into consideration the relative similarity of the engine's torque-speed characteristics with those of compression-ignition engines.

(3) Every new off-road compression-ignition engine that is manufactured for sale, sold, offered for sale, introduced or delivered for introduction into commerce, or imported into California and that is subject to any of the standards prescribed in this article and documents incorporated by reference therein, is required to be certified for
