Community, Esri, USGS, 40 CFR, Part 81, §303, §305, §312, §329, §352, §353, §354.

The 1971 primary NAAQS for CO with an 8-hour averaging time is 9 parts per million (ppm), not to be exceeded more than once a year. The NAAQS for CO with a 1-hour averaging time is 35 ppm, not to be exceeded more than once per year. Currently there are no areas in Region 9 that violate the CO NAAQS. Areas not labeled in bold on this map and Pacific territories under U.S. jurisdiction not shown on this map are designated "Unclassifiable/Attainment". Boundaries on this map are generalized for display; official legal boundary descriptions are provided in 40 CFR Part 81. Information shown for areas of Indian country is for Clean Air Act planning only and does not determine Indian country status or boundaries. EPA does not have authority to make determinations regarding Indian country land status.
