Introduction Administrative Record Index

U.S. EPA Approval for Commercial Storage and Disposal of PCBs at US Ecology Nevada, Inc.

The Administrative Record (“AR”) Index (“Index”) lists all of the documents, correspondence, data and other information that U.S. EPA considered in issuing the Toxic Substances Control Act (“TSCA”) Approval for US Ecology Nevada, Inc. to manage PCB wastes at its Beatty, Nevada Facility.

The AR is physically located at the U.S. EPA Region 9 office in San Francisco, California. The most pertinent documents used in the decision making process and the Index are located in satellite information repositories at the Beatty Library, the Nevada Division of Environmental Protection (“NDEP”) office in Las Vegas, Nevada and online at: www.epa.gov/region9/pcb/uscology/. If you wish to view a document listed in the Index that cannot be found online, at the Beatty Public Library or NDEP Office, please call Ronald Leach at (415) 972-3362 and a copy will be made available.

A list of the abbreviations used throughout the Index is contained in the “Glossary of Abbreviations”. The Index includes the following information for each record listed:

Document Type - Each record in this Index is classified into the following document categories:

- 1996 TSCA Approval
- Correspondence
- Ecological Risk Assessment/Soil Sampling
- Final TSCA Approval
- Notice of Deficiency (NOD)/Response
- PCB Approval Decision and Response to Comments
- Proposed TSCA Approval
- Public Comments
- Statement of Basis
- Superseded TSCA Application Documents
- TSCA Approval Application
- TSCA Compliance Evaluation Inspection Reports
- U.S. EPA Application Review Checklists
