Subject: El Paso, TX Section 818 CO Demonstration

A conference call was held with Region VI on November 17, 1993 to discuss the El Paso, TX Section 818 CO modeling demonstration. Region VI indicated that they will send us a short memo asking us to withdraw their September 27, 1993 memo to the Model Clearinghouse and will provide us with a copy of the final memo they send to Texas. Region VI said that the letter to Texas will indicate that the use of the UAM is a fall back position if an adequate approach with RAM and monitored data cannot be agreed upon. Also, Region VI agreed to remove any inference in the letter to Texas that OAQPS agreed with the Region's position.
