Subject: Tentative agenda for June 13 public meeting on the utility toxics regulatory determination

Because of the interest expressed in the June 13, 2000 public meeting to be held on the utility toxics regulatory determination and the number of persons requesting to speak, we have been forced to limit the speaking time to 5 minutes per speaker (instead of the 10 minutes announced in the April 10, 2000 Federal Register notice). We believe that this approach will best accommodate the number of people that have expressed an interest in speaking. A transcript of the meeting will be prepared and placed in the public docket (A-92-55). Speakers are urged to provide the EPA copies of their prepared presentations for attachment to the transcript.

A list of those registered to attend and/or speak is attached to this note. Speakers will be introduced in the order they registered, as shown on the attached. For groups or organizations already registered (i.e., as of May 31, 2000 as shown on the attached list), time pooling will be permitted (i.e., if more than one representative of a group or organization is registered, one speaker may take the entire time allotted to all the speakers) up to a maximum limit of 15 minutes. Organizations wishing to utilize the time pooling option must contact Ms. Libby Bradley at (919) 541-5578 and designate who the speaker will be and which registered speakers will be deferring to the single speaker. A final list of speakers will be available at the meeting.

The tentative agenda for the meeting is as follows:

Public Meeting
Utility Air Toxics Regulatory Determination
Tuesday, June 13, 2000
Lake Michigan Room, 12th Floor
U.S. EPA Region V
77 West Jackson Boulevard
Chicago, Illinois

9:30 a.m.	Opening remarks by Mr. Robert D. Brenner, Acting Deputy Assistant Administrator, Office of Air and Radiation
9:45 a.m.	Public presentations
12:00 p.m.	Lunch
1:00 p.m.	Public presentations resume
4:00 p.m.	Adjourn

As of: May 31, 2000

To facilitate a smooth operation of the meeting, speakers will be brought to the podium area in groups of five so a minimum of time may be lost between speakers.

As of: May 31, 2000

As of: May 31, 2000

**Utility Air Toxics Regulatory Determination
Public Meeting
