

## CEDRI 2020 Web Form Discontinuation Announcement

As part of the CEDRI 2020 update EPA has decided to discontinue use of web forms, effective September 24, 2020. To see a list of reports affected by this, please refer to the table below.

The web forms will be replaced by the already available EPA provided Excel spreadsheet templates to simplify reporting and be more consistent with the reporting formats for reports required by other regulation subparts.

The decision to discontinue use of the web forms was made because the limited use of the web forms did not justify the continued investment in supporting this technology and the software the web forms are developed in is no longer supported by the Agency.

You may continue using the CEDRI web forms through September 24, 2020; however, it is strongly encouraged to use the appropriate Excel spreadsheet template, as users will be unable to resubmit web forms after this date. Please review web forms in your CEDRI 'My Reports' dashboard to ensure any Reports Under Development or Reports Pending Signature are submitted by September 24, 2020.

Part	Subpart	Report Name
60	IIII	60.4214(d)(3) Annual Report
60	JJJJ	60.4245(e)(3) Annual Report
63	DDDDD	63.7550(h)(3) Compliance Report
63	JJJJJ	63.11225(a)(4)(vi) Notification of Compliance Status
63	LLL	63.1354(b)(9) Summary Report
63	ZZZZ	63.6650(h)(3) Annual Report
