Subject: Agenda for our discussion tomorrow

Gerri,

Below is a proposed agenda for our discussion tomorrow. Please let me know if you have any questions or comments.

AGENDA

3/25 Meeting with EPA Measurement Policy Group

- EPA proposed revisions to AP-42 and Refinery Protocol Document
 - Flare NOx emission factor
 - EPA timeline for revisions
 - EPA feedback on other API comments
 - Proposed process unit factors (FCCU, CRU et. al.) – size of data set; normalization parameters
 - EPA draft procedures for emission factor development
 - Implementation of emission factor revisions
- Status of EPA review – API proposed PM_{2.5} factors for gas-fired sources
- Status of EPA review – API fugitive emission factors for heavy liquid components (API Publication 337)
- Cooling Tower PM emission factors

Is the phone number in your meeting invitation (919-541-4332) a conference line that my API group should use? If so, is there a pin number associated with it?

Thanks,

Cathe
