Mr. Eric Nobel
U. S. Environmental Protection Agency
Research Triangle Park, N. C. 27711

Dear Mr. Nobel:

With reference to Mr. Don Goodwin's letter of October 2, 1978, we are submitting the requested information, as we have been able to obtain it, to the modified questionnaire in order that the U. S. Environmental Protection Agency can use it to assess the significance of emissions from ammonium nitrate manufacturing operations.

The response is for the Carlsbad, New Mexico plant, the South St. Paul, Minnesota plant, and the Pryor, Oklahoma plants.

Sincerely,

D. J. Patterson
