SUBJECT: Magnet Wire Plant Locations

FROM: John Calcagni
Control Programs Operations Branch

TO: Air Branch Chief, Regions I-X

Several State and local agencies have made inquiries about whether magnet wire production plants are located in their area. Enclosed is a list of the magnet wire producing plants included in the "Directory of Wire Companies in North America" (1978 edition). This list may not be inclusive and may include a few suppliers. However, it should act as a relatively good indicator.

I hope this information will be of help. If you need any further information, please call me at FTS 629-5365.
