Dear Mr. Scire:

Per our agreement letter of May 11, 2004, the U.S. Environmental Protection Agency is authorized to issue updates to the "EPA recommended" version of CALPUFF on the [www.src.com](http://www.src.com) website. EPA has evaluated and reviewed CALPUFF version 5.711a, and has determined and documented that the changes are of minor significance. This letter hereby officially requests the change of the "EPA recommended" version of CALPUFF from version 5.7 (April, 2003) to version 5.711a (July, 2004). Please make the appropriate changes on the [www.src.com](http://www.src.com) website, which includes the updated CALPUFF executable, a Model Change Bulletin, an announcement in the Updates section, and any other related changes necessary.

If you have any questions, please feel free to call me at (919) 541-5562.

Sincerely,
