**San Joaquin Valley Fine (SJVF)**
June 1988 - June 1989

**Description:** PM$_{10}$ aerosol was collected at 6 sites in California’s San Joaquin Valley as part of the 1988 - 1989 Valley Air Quality Study (VAQS). For PM$_{10}$ and PM$_{2.5}$, total mass, organic and elemental carbon, nitrate, sulfate, ammonium and elements were determined in 24-h samples collected at 3 urban (Stockton, Fresno & Bakersfield) and 3 non-urban (Crows Landing, Fellows, and Kern Wildlife Refuge).
