What did I Hear?

- Some concern about data certification process, especially for PAMS
- Air Compare-some concern with use of source specific data as representative
- Some want more data flags
- Some different interpretations of “RO” term
- What is the status of the ½ mdl project?

What did I hear?

Some questions about who the certifying agency is

Some problems with CDX

What data completeness statistics are used in grants?

When will the Critical Review report be available again?

Need to review Meta Data for PM fine sites

--agencies will need better guidance

Next Year

- Jerry, Bonnie, Virginia will be in retirement
- Ed will have less hair
- But we plan to have another AQS Conference
- Likely to be in the West
 - No final site selected yet
 - Welcome your ideas on Conference agenda

Thank you

- State, local and tribal agencies for coming
