

February 7, 2006
Subject: EPA OAQPS Reorganization

Dear AQS User,

This note is to inform you of the Office of Air Quality Planning and Standards' (OAQPS) reorganization and its effect on the AQS application. Monday, February 06, 2006, was the first day of operation under the new reorganization.

Under the new organization, the Information Management Group (IMG) group has been renamed the National Air Data Group (NADG), and we are located in a new division called the Outreach and Information Division. Except for losing our "wonderful" secretary, Maria Sanders, to another division, our group has stayed in tact, and will continue to be responsible for the operation and maintenance of AQS -- just as it was under the previous organization. The Director of the Outreach and Information Division is Greg Green (former Deputy Director of OAQPS), and the Deputy Director is Chet Wayland. Previously, Chet was the Group Leader for the Information Transfer Group, which was responsible for AirNow, AirData, and other programs.

Please continue to contact the same AQS Team members as you have in the past.

Ed Lillis, Group Leader
National Air Data Group
