

AQS Data Mart Beta Testers Page

This page contains technical information for beta testers of the AQS Data Mart system.

Last updated 14-Mar-05 12:00pm.

Known Issues

This is a list of areas that we are still working on:

- The remaining years of AQS (only 10 there now)
- Getting more AirNow data in
- A data exploration report
- Enhancing the business metadata
- Writing the “Field Guide”
- Implementing Web services

Feedback

This is a list of feedback we've gotten from beta testers and our initial reaction:

Item	Response
------	----------
