# Potential Options for Data Submittal

1. Added grant funding for tribes to obtain contractor assistance to load their data
2. Provide centrally managed contractor (or ITEP) assistance to support multiple tribes to load data to AQS
3. "Circuit rider" approach that relies on one tribe's expertise to load several tribes data
4. Allow tribes to load data into AirNow rather than AQS

Potential Options for Data Submittal

5. Selectively approve grants to tribes that have the resources to load data
6. Provide additional AQS training
7. Provide more Regional Office support for loading data into AQS
8. Provide more State support for loading data into AQS
9. Other?
