

The background of the slide is a solid brown color with a pattern of stylized, overlapping autumn leaves in various shades of brown and tan. The leaves are scattered across the entire background, creating a textured, seasonal feel.

AirExplorer Summary & Update

November 2009

AirExplorer Summary & Update

- Collection of visualization tools
- Designed primarily for air quality analysts
- Intended to provide broad, easy access to AQS data
- Publicly available since February 2005
- Currently uses pre-queried data from AQS
- However, it will soon be connected directly to AQS Data Mart and merged with the AirData Web site
- The kml files on the site are updated automatically every Friday and contain links that query daily and annual summary data from AQS Data Mart
