

U.S. Wildfire and Prescribed Fires Acres Burned - 1990 through 2011

Change in North American regional emissions (tpy) 2002 to 2018

Western region fire

- Other sources less in West relative to rest of U.S.
- Fire large fraction of western U.S. emissions
- Most emissions are from wildfire
- Smoke management programs
- Uses of fire portion of NEI (order?, does that matter?)
